

WESTVARS® NET SCRIPT

18:58 hrs. We will be starting the WestVARS® net in 2 minutes. If anyone needs to use this repeater, please do so now. This *is (Your call sign)*.

19:00 hrs. This is *(Your call sign)* for the WestVARS® net. This net meets each Wednesday at 7pm local time on the WV4ARS VHF FM repeater My name is *(Your Name)* I'm located in *(Your City)* in Volusia County, Fl. I will be your net control for this session. The WV4ARS FM repeater at 147.315 PL tone of 103.5, is linked to the internet via ECHOLINK Node 187321 and Allstar Node 59840.

Please remember that this repeater takes about ½ second for the PL tone to open the squelch. When making your calls, please key your microphone and wait for ½ second before you speak. This will prevent your first syllables from being cut-off.

All licensed radio amateurs are invited to check in to the net. This is a directed net. Please follow Net control instructions.

When checking in, please give your call sign slowly and phonetically, followed by your name and location. I will acknowledge after all stations from your area have checked in. Please remain on frequency until released by net control. If for any reason you need to leave during the session, please inform net control that you are securing your station.

For those stations with 10-meter, 6-Meter and/or 70-Centimeter DMR capability, we conduct three additional Nets after this one:

At 2000 hrs. the 10-meter net starts at frequency 28.315 MHz USB Simplex.

The 6-meter net starts after 10m net. 52.04 MHz FM Simplex And at 20:30 the DMR net starts on the KN4EHC repeater:

Frequency downlink 442.225 MHz (uplink +5 MHz) BrandMeister talkgroup 311679, Timeslot 1, Color Code 1

(Break for station ID)

Before I start the Roll Call, do I have a backup to record check ins.

Do I have a traffic rep to take formal written traffic? *(traffic Rep someone that can take NTS Traffic)*

At this time is there any EMERGENCY, Priority, or Routine traffic for the net?

Unless it is an emergency or priority traffic, all traffic will be directed to the Volusia County Traffic net, which meets on the 147.150 +127.3 NTS repeater daily at 18:30 hour's local time.

(LONG PAUSE , allowing time for Echolink stations with announcements)

I have the following net announcements for this week. (Net control to announce next monthly meeting and club events).

Regular monthly meetings are held at 7PM on the second Monday at the St. Johns lodge No. 37 located at 2557 N. Spring Garden Ave., Deland, Fl 32720 (on the corner NE of Glenwood Rd. and N. Spring Garden Ave.) Our next meeting will be *(month and date)*. Anyone interested in amateur radio is cordially invited.

WESTVARS SCRIPT PAGE 2

Are there any other announcements or bulletins please come now.

(Pause for all stations with announcements or bulletins. Record each station's call sign, name, have them make the announcements now.

Do we have any stations short of time? *(Pause for all short of time stations).*

Do we have any mobile stations? *(Pause for all mobile stations)*

This is (***Your call sign***) WestVARS® net control. I will now take check-ins. Starting with Echolink stations.

Echolink stations please come now. Record each station's call sign, name, and location

Next, the Northwest: area of Volusia County, DeLand, Glenwood, DeLeon Springs, and Pierson.

Next The Southwest: DeBary, Enterprise, Orange city, Osteen, Deltona.

Next all other areas: Lake Helen, and other areas in Volusia County.

Next stations outside of Volusia County including visitors and late check-ins.

All stations checked-in to the net are invited and encouraged to participate in the discussion and comments. If you need to leave the net, please notify net that you need to secure your station.

I will now start with the comments: *(Calling the stations in the order they checked-in.)*

This is (***Your call sign***) WestVARS® net control. If you have any additional comments, suggestions or concerns that are related to Ham radio. For information on joining, please visit the WestVARS.org® and Email: secretary@westvars.org

(Pause for response)

Is there anything we can do for anyone on the frequency? If so, please give your call sign now.

(Pause for response)

I would like to thank everyone who participated in the WestVARS 2m net this evening. "73"

I will now be closing this session of the WestVARS® 2m net and returning this repeater back to normal amateur use.

This is (***Your call sign***), clear at (give 24 hr. time) 73 and good evening.

Confirm the net time and attendance count with your backup.

Please Email the list of check-ins, to N9CLD.ve@gmail.com or post on Groups.IO as soon as you close the net.

Rev.2/27/24 Net Manager N9CLD
